To Whom It May Concern:

I had the pleasure of having Daniel Daugbjerg in the Introduction to Computer Systems (COMP-280) class that I taught in spring 2023 semester. This challenging class is the third computer science course that a Computer Science major would take. **Daniel was the top student in the class.**

I am more than happy to recommend Daniel Daugbjerg and I am confident that he will do very well in any software position.

Sincerely,
